EXPERIENCE

APPLE INC.

SUNNYVALE, CA

UX PRODUCT INTERN

JUNE 2020 – PRESENT

- Created a research and data repository platform through Apple iCloud services. Managed the product team from concept through development.
- Developed the product's vision, timeline, and completed the feasibility assessment for the first 3 product release phases.
- Designed the platform's UI/UX through Sketch and collaborated with engineers to build a working prototype in 12 weeks.
- Conducted 20 user interviews, as well as usability testing and user data analysis to understand consumer needs and build user empathy.
- Completed Product Requirements Document, User Research Proposal, Cost-Benefit Analysis, and Competitive Analysis Report on existing cloud repository platforms.

CAMPUS REPRESENTATIVE – LEAD ACCESSIBILITY PRO

MARCH 2018 – MAY 2020

- Managed team of 15 other campus representatives nationwide on application-based projects. Ranked in top 10 out of 60 representatives.
- Led Apple integration initiative for Tuck School of Business faculty on semester abroad programs. Presented workshops and seminars to Tuck professors on how to better utilize Apple technology for business.
- Identified Accessibility Services as a new strategic area for Apple expansion on college campuses. Presented sales program at national Campus Rep Conference in Cupertino, CA.
- Collaborated and presented weekly workshops to the Center for Professional Development, Academic Departments and student groups to teach them how to better utilize Apple technology and Apple's operating system.

DARTMOUTH APPLIED LEARNING AND INNOVATION (DALI) LAB

HANOVER, NH

PRODUCT MANAGER & UI/UX DESIGNER

APRIL 2019 – APRIL 2020

- Selected to lead UI/UX app design group for projects outsourced from Boston and New Hampshire based companies.
- Designed mobile app and customer loyalty rewards program for 6AM Health, a Boston based health food company. Reduced user friction and decreased timing of the customer order process by 45%.
- Managed 6AM Health design team by overseeing the project's timeline and collaborating with Developers to program working products.
- Created, designed, and managed Mission Countdown, an app experience that connects young children with their deployed military parents. Project recognized and published in Prototyp'r journal.

LEADERSHIP & ACTIVITIES
